The **ALGAE PEEL OFF FACIAL MASK** can be applied to the whole of the face, including the eyes and the lips. After application the mask sets on the face, the mask peels off in one piece leaving a perfect skin.

Providing skin care and a unique relaxing experience.

## ORIGINAL ALGAE PEEL OFF FACIAL MASK

### HOW DOES IT BENEFIT

#### WORRY LINES

Reduces the lines providing increased elasticity and smoothing the micro-contour of the skin.

#### FACIAL FLACCIDITY

The cooling sensation has a tensing affect on the facial muscles, resulting in a firmer face and improved facial contour.

#### UNDER-EYE PUFFINESS

The product produces lymphatic drainage around the eye and an anti-oedema effect. It inhibits liquid retention and reduces unattractive puffiness under the eyes.

#### NASOLABIAL, PERIOCCULAR AND LABIAL WRINKLES.

The mask adapts completely to the muscular features of the face and especially intensely to the nasolabial wrinkles; reducing expression lines and/or wrinkles.

#### NECK FOLDS.

The cooling effect and the perfect adaptation of the mask tone the delicate neck area, inhibiting the appearance of wrinkles and flaccidity.

### APPLICATION METHOD

1. Mix the contents of the two sachets **① GEL** and **② POWDER** in a bowl

2. Spread the mixture over the face, we recommend covering the eyes and lips.

3. Leave the mask in place for 15-20 minutes
4. Peel off the mask in one piece.
